

EUROTAPE

Step-by-step instructions for use of a non-medical mask

1.	Wash your hands before putting on the mask.			
2.	When putting it on, touch only the elastic or tie. For a mask with two elastic bands/ties behind the head: first place the lower band/tie and then the upper one.			
3.	Make sure your mouth, nose and chin are well covered and do not touch them afterwards.			
4.	Wear the mask for up to 3 hours at a time.			
5.	Do not slide the mask down and up for eating, drinking or talking.			
6.	Wash your hands before removing the mask.			
7.	When removing the mask, touch only the elastic or tie. For a mask with two elastic bands/ties behind the head: first remove the upper band/tie and then the lower one.			
8.	Store clean and used masks separately from each other, in different sealed bags or bins.			
9.	Wash your hands after removing the mask.			

Instructions for maintenance of non-medical mask

1.	After each use, wash the mask at a minimum of 60 °C on a full wash programme.	
2.	Do not bleach	
3.	Tumble dry at low heat	
4.	Do not iron	
5.	Wash with detergent only; do not add fabric softener.	
6.	Wash your hands after you put the mask in the washing machine.	

Storage instructions:

- Store at a temperature that does not exceed 25°C with a maximum relative humidity of 80%.
- Keep away from light sources. Do not store longer than 1 month at average conditions higher than indicated.

Other:

- Elastics may contain latex
- Sewing thread in 100% polyester
- Maximum number of washing cycles: 45 to a maximum of 70 times

Warnings:

- This non-medical mask must not be used by children 3 years of age or younger due to suffocation risk. It is recommended that children from 4 to 12 years of age only wear the mask under supervision.
- Wearing a non-medical mask can feel stifling, particularly at first.
- Attention: heavy exertion (e.g. intensive exercise) is certainly not possible while wearing a mask.
- Do not use the non-medical mask if it is damaged (e.g. no longer fits or is deformed or worn).
- This non-medical mask is neither a medical device in the sense of Regulation (EU) 2017/745 / Directive 93/42/EEC nor personal protective equipment in the sense of Regulation (EU) 2016/425.
